The Legal Aid Market

This supplement to the leading immigration law work covers the Immigration, Asylum and Nationality Act, which provides significant changes to current immigration legislation. Other areas updated include recent Notice Regulations; Variation Appeals; Civil Partnerships Act and relevant case law.

Immigration Law is a straightforward, up-to-date and practical introduction to this changing area of law.

'Asylum remains a hugely important area of law, deeply affecting the lives of very many people: the nation's approach to it is a touchstone of our humanity.' - from the foreword to the second edition by The Rt Hon The Lord Brown of Eaton-under-Haywood. This is the leading practitioner textbook dealing solely with the law and practice pertaining to all aspects of asylum in the UK. It is a decade since the last edition published, since when much has happened in this area, with the most significant being Brexit. The third edition will be the first post-Brexit refugee practitioner work. The new legal regime should be clearer by early 2021, either because a new regime of Rules and Regulations is in place, or because the first judicial decisions on the new constitutional arrangements and the treatment of EU Retained Law are giving insight. The third edition covers:
- Credibility assessment: UNHCR and Beyond Proof, language analysis, family tracing, assessing belief and sexuality
- Assessing risk: assurances, shifting burdens of proof and duties of enquiry, the relevance of inability to return
- Persecution: conscientious objection, future expression of fundamental rights
- Developments in the understanding of vulnerability: the interaction of refugee law with trafficking, statelessness and gender preference issues
- Exclusion for wrongdoing, for access to rights akin to nationality, and for non-UNHCR protection
- Cessation of status: family members, change of circumstances, and relevance of internal relocation
- Third country cases: returns under and beyond Dublin 3, third country returns post-Brexit
- Procedures - asylum claims in detention, delays in determining claims, family reunion

The 4th edition of this clear and practical book is reverting to hardback for the...
convenience of users. Thoroughly revised and updated by the editors, with the assistance of specialist practitioner contributors, the new edition will take into account recent major legislation, case law and policies will be complemented by a full table of cases, including those heard in the IAT, ECJ and ECHR and selected overseas jurisdictions.

Inside Immigration Law analyses the practice of implementing immigration law, examining the different political and organisational forces that influence the process. Based on unparalleled academic access to the German migration management system, this book provides new insights into the 'black box' of regulating immigration, revealing how the application of immigration law to individual cases can be chaotic, improvised and sometimes arbitrary, and either informed or distorted by the complex, politically laden and changeable nature of both German and EU immigration laws. Drawing on extensive empirical material, including participant observation, interviews and analyses of public as well as confidential documents in German immigration offices, Inside Immigration Law unveils the complex practices of decision-making and work organisation in a politically contested environment. A comparative, critical evaluation of the work of offices that examines the discretion and client interactions of bureaucrats, the management of legal knowledge and symbolism and the relationships between immigration offices and external political forces, this book will be of interest to sociologists, legal scholars and political scientists working in the areas of migration, integration and the study of work and organisations.

Dealing with the law and practice of immigration, this revised and updated edition covers such areas as the provisions of the Immigration, Asylum and Nationality Act 2006, the Civil Partnerships Act 2004 and the Adoption and Children Act 2002. Major European legislation is also looked at.

Resort by the state to measures of exclusion and expulsion from the territory of the UK and/or from British citizenship have multiplied over the past decade, following the so-called 'War on Terror', increased globalisation, and the growing politicisation of national policies concerning immigration and citizenship. This book, which focuses on the law and practice governing deportation, removal and exclusion from the UK, the denial of British citizenship, and deprivation of that citizenship, represents the first attempt by practitioners to provide a cohesive assessment of UK law and practice in these areas. The undertaking is a vital one because, whilst these areas of law and practice have long existed as the hard edge of immigration and nationality laws, in recent years the use of some powers in this area has greatly increased and such powers have arguably expanded beyond secondary existence as mere mechanisms of enforcement. The body of law, practice and policy created by this process is one which justifies treatment as a primary concern for public lawyers. The book provides a comprehensive analysis of the law in these areas and its background. This involves a consideration of interlocking international and regional rights instruments, EU law and the domestic regime. It is a clear and comprehensive everyday guide for practitioners and offers an invaluable insight into likely developments in this dynamic area of public law. 'deserves to be on the bookshelves of all those who seek to practise within this carefully defined area of immigration and nationality law.' From the Foreword by Lord Hope of Craighead KT

Immigration Law is a straightforward, up-to-date and practical introduction to this changing area of law.

This supplement to Macdonalds's Immigration Law & Practice contains all the recent legislation and commentary since publication of the mainwork, ensuring the work is kept fully up-to-date.Try Note: The price quoted also includes the Volume 2 - First Supplement to the Eighth edition

Where To Download Immigration Law And Practice

At a time when immigration law is in flux, Understanding Immigration Law and Practice offers a thorough, accessible, and practical approach to understand and apply U.S. laws and regulations to help protect refugees, bring needed workers to the U.S., prevent separation of and reunite families, and provide relief to foreign nationals facing removal proceedings. Attuned to the sensitivity and responsibility necessary to ensure just results in high stakes immigration cases, the authors, who have a combined 35-plus years of front-line experience, provide readers with in-depth information and highlight readers recent changes and ongoing litigation where applicable. In addition, the book offers a new section on enforcement in both in the non-and employment-based contexts, providing avenues for discussions on matters of policy. They generously and freely offer their knowledge and insights into the complex legal issues faced by immigration clients, followed up by proposing strategies for the professionals seeking to help them. New to the Second Edition: Major revisions that reflect a new focus on strict enforcement of immigration laws and the use of Executive Orders and procedural changes that affect the implementation and application of the law including: Migrant Protection Protocols Zero Tolerance Policy Safe Third Country Proposals Extreme vetting Muslim Ban Updated discussions of significant legal changes arising from case law such as: Pereira v. Sessions, a decision of the U.S. Supreme Court and subsequent decisions by the Board of Immigration Appeals and circuit courts, highlighting tensions around what information a valid notice to appear should contain. Matter of A-B, which sought to categorically exclude asylum claims based on domestic and gang-based violence Matter of L-A-B-R-, which severely restricts the use of continuances in removal proceedings Matter of Castro Tum, which limits the ability of immigration judges to close removal proceedings administratively. Analysis of the changes to public charge requirements affecting family members seeking to immigrate or become permanent residents in the United States Review of the recent changes to the EB-5 or investor visa process as an avenue to achieve permanent residency for those who provide job creating investments in the United States Professors, students, and legal practitioners new to the practice of immigration law will benefit from: Compact, accessible coverage of complex fluctuating U.S. immigration law and regulations, including: Nonimmigrant visas, including B-1/B-2, F-1, H-1Bs, and visas for investment and trade. Immigration options for humanitarian immigrants such as asylum seekers, refugees, survivors of domestic violence protected by the Violence Against Women Act (VAWA), SIJ, U, and T visa applicants. Lawful permanent resident applications based on family relationships, employment, and investment, including adjustment of status, Permanent Labor Certification Program (PERM), and consular processing. Grounds of inadmissibility, deportation, and immigration court removal processes, including waivers and relief from removal. Explanation of immigration court procedures and relief available in removal proceedings Naturalization and citizenship eligibility. Balanced coverage of statutory and procedural rules with practical insights to aid in problem solving. Numerous cases for discussion, with responses on the companion website available to instructors. Frequent vivid examples and cases from real life to assist readers in translating legal rules and theory into practice. Tools for student success, including learning objectives, marginal notes on key terms, and many documents and illustrations from actual practice. A chapter on managing the immigration practice, including performing case assessment and interviewing. Website updates to keep students and faculty current with the latest changes in this fast-moving subject area.

Since the publication of the first edition in 1983 Macdonald's Immigration Law & Practice has established itself as the standard textbook in the field and is recognised by the legal profession as the most authoritative text on immigration law. Written with precision by leading immigration experts the work has been updated to offer all of the latest legislation, cases, political developments and commentary and guidance on every significant aspect of the law and practice of immigration. The ninth edition has been fully revised to contain all the latest SIs, and recent case law, including decisions from Strasbourg, the House of Lords and the Court of Appeal as well as the latest immigration appeals Procedure Rules, Practice Direction and CPR.
The fifth edition of this clear and practical book has been thoroughly updated by a team of specialist practitioners. Jackson's Immigration Law and Practice deals comprehensively with immigration law procedure and practice, covering European and human rights law, deportation, asylum and onward appeals. In this continually evolving area of law, this new edition takes into account all recent major legislation changes and developments, relevant case law and policies since the last edition. Changes to the new edition include: Points Based System; Rules governing the appeals procedure; Changes in the administrative process; The Government’s changes in capping immigration. The new edition of Jackson's Immigration Law and Practice also includes coverage of recent cases including decisions from Strasbourg, the House of Lords and the Court of Appeal, legislation and Practice Directions with considered opinion on their likely impact on everyday practice. Previous ISBN: 9781845923181

Legal Passing offers a nuanced look at how the lives of undocumented Mexicans in the US are constantly shaped by federal, state, and local immigration laws. Angela S. García compares restrictive and accommodating immigration measures in various cities and states to show that place-based inclusion and exclusion unfold in seemingly contradictory ways. Instead of fleeing restrictive localities, undocumented Mexicans react by presenting themselves as “legal,” masking the stigma of illegality to avoid local police and federal immigration enforcement. Restrictive laws coerce assimilation, because as legal passing becomes habitual and embodied, immigrants distance themselves from their ethnic and cultural identities. In accommodating destinations, undocumented Mexicans experience a localized sense of stability and membership that is simultaneously undercut by the threat of federal immigration enforcement and complex street-level tensions with local police. Combining social theory on immigration and race as well as place and law, Legal Passing uncovers the everyday failures and long-term human consequences of contemporary immigration laws in the US.

Even though legal aid is available for people seeking asylum, there is uneven access to advice across Britain. Based on empirical research, this book offers fresh thinking on what has gone wrong in the legal aid market. It presents a rare picture of the barristers, solicitors and caseworkers practising immigration law in charities and private firms. In doing so, this book examines supply and demand and illuminates what constitutes high-quality legal aid work/provision, subsequent conflicts with financial rationality and how practitioners resolve these issues. Challenging existing legal aid policy, this book presents innovative insights to ensure public service markets around the globe function well for all those involved.

Written with precision by leading immigration experts, this work has been updated to offer all of the latest legislation, cases, political developments and commentary and guidance on every significant aspect of the law and practice of immigration.

The UK has some of the largest immigration detention facilities in Europe, holding as many as 3000 individuals at any point in time. Foreign nationals are held under immigration powers in a variety of circumstances including on arrival pending examination, whilst an asylum claim is considered in the Detained Fast Track, and pending administrative removal or deportation. The routine use of detention powers, particularly in relation to foreign national offenders, has increased dramatically in the years since 2006. Advising individuals detained under immigration powers is no longer a niche field. An increasing number of practitioners need access to a clear reference guide when faced with cases which touch on this issue. Detention under the Immigration Acts: Law and Practice is the only text to provide a comprehensive and detailed account of the statutory powers underpinning immigration
detention and the limitations on those powers afforded by the common law, the European Convention on Human Rights and the law of the European Union. It is an invaluable resource not only for those working predominantly in immigration but also practitioners whose work may touch on this increasingly complex area, whether from a civil or criminal perspective, as well as the judiciary and government officials with a need for clear legal guidance. Taking a practice focused approach, the work addresses the procedural aspects of litigation challenging detention, from bail applications in the Tribunal through judicial review claims in the Administrative Court, to civil claims before the County Court and the Queen's Bench Division of the High Court. It offers unparalleled coverage of the many hundreds of domestic cases on the subject, saving practitioners valuable time in their legal research. It also examines, in more detail than has ever been done before, the case law of the European Court of Human Rights and the Court of Justice of the European Union and suggests arguments to challenge detention and seek damages that have not so far been used in domestic courts. Written by an author team representing both claimant and government interests, key issues are considered from a neutral perspective, providing a balanced and detailed exploration of the common law and policy based principles governing the exercise of immigration detention powers.

This two volume supplement to Macdonalds's Immigration Law and Practice contains all the recent legislation and commentary since publication of the mainwork, ensuring the work is kept fully up-to-date.

Immigration and asylum law are areas that have experienced immense change in recent years. Many significant and controversial developments have been made through the introduction of new legislation, presenting the need for an up-to-date and fully comprehensive guide. This fifth edition of the Immigration Law Handbook brings together the key materials in one volume, which provides an essential reference tool for those working in the area. It is fully up to date to include the new Immigration, Asylum and Nationality Act 2006, which makes further changes to the legal structure governing immigration control, including new restrictions on entry clearance appeals, a new scheme of fixed penalties for employers of illegal workers, and provision for the removal of British nationality in certain circumstances. It also includes the new Immigration (European Economic Area Regulations 2006). The text takes in all amendments to the Immigration Rules to October 2006, and contains all key legislation, Procedure Rules and Statutory Instruments. In addition to domestic legislation, the Handbook also contains sections on relevant European and international materials, including the European Convention for the Protection of Human Rights and Fundamental Freedoms, and the new Asylum Procedures Directive. The Immigration Law Handbook 5/e is an invaluable source for immigration practitioners.

Immigration Law Practice Expediter is a practice guide roadmap that leads the user through immigration procedures step by step while providing links to the Immigration Law and Procedure treatise, statutes, regulations, and other source materials. The Expediter saves attorneys time and assures users that no element in the research process will be overlooked. Expediter topics include employment-based immigration, family-sponsored immigration, various nonimmigrant applications and petitions, asylum, naturalization, and removal, among others. The eBook versions of this title feature links to Lexis Advance for further legal research options.

This supplement to Macdonalds's Immigration Law & Practice contains all the recent legislation and commentary since publication of the mainwork, ensuring the work is kept fully up-to-date. Please Note: The price quoted also includes the Volume 1 - First Supplement to the Eighth edition.
The eagerly awaited 10th edition of Macdonald's Immigration Law & Practice provides detailed coverage of all aspects of UK Immigration, Asylum and Nationality legislation through a mixture of commentary, supporting legislation and case law. The book is the leading work in this area of law and this edition provides detailed coverage of Brexit and it's impact.
